

# S.O.J.A. (Soldiers of Jah Army) - Your Song

Tom: G

Intro: 4x: Em C Bm

What a big world and I'm glad to be in it  
 We've got a purpose and I'm starting to get it  
 And I won't stop until I'm gone  
 And I won't change what I'm doing till I'm done  
 I've got time and I plan to go with it  
 Forget about the money 'cause I don't get it  
 And I know I'll come again  
 Yeah I know but until then

Refrão:

If you see me forgetting  
 Forget who I am  
 Just try to remind me  
 Put up your hands in the stands  
 If you see me crying, if you see me alone  
 Just try to stay by me and keep singing a-long

I appreciate the chance of living  
 I realize that it's all about giving  
 I will stand in the sunshine  
 Cause I know the sun is not mine  
 I'm tied in to the dirt and the land  
 The wind, and the trees, and the waves and the sand

And I know I'll come again  
 Yeah I know but until then  
 If you see me forgetting  
 Forget who I am  
 Just try to remind me  
 Put up your hands in the stands  
 If you see me crying, if you see me alone  
 When I stop singing, just keep singing a-long  
 So I can hear your song

( Em C Bm )  
 So if I slip, get lost upon de trip  
 And if I lose a grip on reality, beg you do not make me drift  
 It's not as if, because I have a gift,  
 That me nah could no take some good advice  
 And you say word, I'll take a tip  
 Like maybe this, one too many spliffs, one too many sips  
 Not enough sleep and too much 'milla skip  
 Some time to escape, everyone need a lift  
 Don't watch no face

If you see me forgetting  
 Forget who I am  
 Just try to remind me  
 Put up your hands in the stands  
 If you see me crying, if you see me alone  
 When I stop singing, just keep singing a-long  
 So I can hear your song
