                                                         Fear not this light
                                                         Am Em G D
We are of this light divine
 (com acordes na forma de G )
Capostraste na 3^{\underline{a}} casa
                                                          Am Em
Intro: Em G C C
                                                         So come
                                                          G
                                                         We move as one G D
G C C
                                                         Amazing grace is pouring down
After a storm
                                                         Am Em
Fear not this light
          Em
I want to be brave
                                                         G D
                                                                            Am Em
         С
                                                         We are on this light divine
And keep you warm
          Em
                                                         Welcome
And not fade away
                                                          D Am G
As we float from the shore
                                                         Enter one
      Em G
Into the light
                                                         ( Em G )
Into the unknown
                                                         After a storm
Like thousands of lanterns
                                                                 Fm
        C
                                                         I wanna let go
Glowing with grace
                                                         Of the things that I've done
       Em
In glorious silence
                                                                Em
                                                         Without any worry
Descending through space
                                                         I wanna come home
To a friend
                                                            Em G
                                                         Into the light
 G
A sister in need
                                                         Into the unknown
Who is not alone
    G
                                                         I want to be shameless
And they are surrounding her
                                                           G Bm
                                                                              С
                                                                                      C
                                                         Like the sun
       Bm
And they will enfold her outstretched hand
Em G C C
                                                         Moving into you
