```

[Primeira Parte]

```
Em                                                  C
Think you cut right through yeah, I'm still loosing focus
Em                                      C
Got my heart rate up while I'm tryna be honest
Em                                          C
In my mind I've been playing it, trying to solve it, oh, yeah
Em                                           C
How your love got through without even get noticed?
```

[Ponte]

```
    C
I'm on a different lane, on a different lane
    D
And I don't know the way
```

[Refrão]

```
                            Em
So darling, meet me in the dark
                       G
In the shadows of my heart
                                Am
And if you're pouring, fill it up
                               C    D
'Cause I am thirsty for your lo-ooo-ve
                               Em
Yeah darling, meet me in the dark
                       G
In the shadows of my heart
                                Am
And if you're pouring, fill it up
                               C   D   Em
'Cause I am thirsty for your lo-ooo-ve

[Segunda Parte]

```
Em                                          C
Darling, let me in, take a sip of your potion
Em                                                  C
God, you taste so good, make it hard to stay modest
Em                                                      C
And keep me on, keep me in, keep me under your cover, oh, yeah
Em                                              C
Got me messed up bad, wanna bathe in your fountain
```

[Ponte]

```
       C
But it never be the same, never be the same
       D
I'm on a different lane
```

[Refrão]

```
                              E
So darling, meet me in the dark
                         G
In the shadows of my heart
                                  A
And if you're pouring, fill it up
                               C  D
'Cause I am thirsty for your lo-ooo-ve
                               E
Yeah darling, meet me in the dark
                         G
In the shadows of my heart
                                  A
And if you're pouring, fill it up
                               C  D
'Cause I am thirsty for your lo-ooo-ve
```

```
                              Em
So darling, meet me in the dark
                         G
In the shadows of my heart
                                  Am
And if you're pouring, fill it up
                               C    D
'Cause I am thirsty for your lo-ooo-ve
                               E
Yeah darling, meet me in the dark
