

# SoMo - Back To The Start

tom:  
 Capotraste na 4ª casa  
 Intro: Em Bm D A  
 Em Bm D A

She wanted my heart  
 Wanted my soul  
 Wanted that loving  
 But I ain't tryna hold on to her heart  
 To see it fold  
 Girl's hold on to the thought so tight  
 Holding on for her life  
 I just might have to give it to her  
 For one loving night  
 She whispers so slow  
 Said to my ear, ?I love Somo?  
 I said, ?you just wanna get in my pants  
 'Cause I'm ?bout to get that dough?  
 She says, ?I like it fast?  
 I say, ?Why you gotta rev my gas??  
 Next thing I know  
 I'm standing in my front door tryna stop my hands

I just wanna take your picture  
 Go 'head stand there in the door  
 Let's get naughty, let's get naughty  
 Take your body to the floor  
 Take that thing and make it drop  
 Come over and show me more  
 Hold me softly, I'll keep going  
 Till you're screaming and you're sore

And we live for that rush  
 And we rush for that love  
 And we look for that one  
 That just straps up your heart  
 And you're back to the start again  
 ( Em Bm D A )  
 She's dripping to the core

Says to me, ?can I explore  
 Your body, feeling exotic  
 And I just need a little tour?  
 We start off just by touching  
 Then we go on to rubbing  
 She says ?I'm on top  
 Let me ride?  
 I say, ?uh-uh, I'mma get that loving?  
 I thought you could take it fast  
 Yeah, you like it when I slap your ass  
 Take it all, I'mma go deep  
 Keep it so sweet, one night to make it last  
 She's close, I'm about to wrap  
 She can't open up her eyes  
 I'm driving deep and her body's so weak  
 And I can't let go inside

I just wanna take your picture  
 Go 'head stand there in the door  
 Let's get naughty, let's get naughty  
 Take your body to the floor  
 Take that thing and make it drop  
 Come over and show me more  
 Hold me softly, I'll keep going  
 Till you're screaming and you're sore

And we live for that rush  
 And we rush for that love  
 And we look for that one  
 That just straps up your heart  
 And you're back to the start again  
 And she prays for the love  
 So I stay and we run  
 Sends a wish on a star  
 Now just wraps up her heart  
 We were trapped from the start

So we live for that rush  
 And we rush for that love  
 Why can't we

## Acordes
