

SoMo - Back To The Start

tom:
 Capotraste na 4ª casa
 Intro: Em Bm D A
 Em Bm D A

She wanted my heart
 Wanted my soul
 Wanted that loving
 But I ain't tryna hold on to her heart
 To see it fold
 Girl's hold on to the thought so tight
 Holding on for her life
 I just might have to give it to her
 For one loving night
 She whispers so slow
 Said to my ear, ?I love Somo?
 I said, ?you just wanna get in my pants
 'Cause I'm ?bout to get that dough?
 She says, ?I like it fast?
 I say, ?Why you gotta rev my gas??
 Next thing I know
 I'm standing in my front door tryna stop my hands

I just wanna take your picture
 Go 'head stand there in the door
 Let's get naughty, let's get naughty
 Take your body to the floor
 Take that thing and make it drop
 Come over and show me more
 Hold me softly, I'll keep going
 Till you're screaming and you're sore

And we live for that rush
 And we rush for that love
 And we look for that one
 That just straps up your heart
 And you're back to the start again
 (Em Bm D A)
 She's dripping to the core

Says to me, ?can I explore
 Your body, feeling exotic
 And I just need a little tour?
 We start off just by touching
 Then we go on to rubbing
 She says ?I'm on top
 Let me ride?
 I say, ?uh-uh, I'mma get that loving?
 I thought you could take it fast
 Yeah, you like it when I slap your ass
 Take it all, I'mma go deep
 Keep it so sweet, one night to make it last
 She's close, I'm about to wrap
 She can't open up her eyes
 I'm driving deep and her body's so weak
 And I can't let go inside

I just wanna take your picture
 Go 'head stand there in the door
 Let's get naughty, let's get naughty
 Take your body to the floor
 Take that thing and make it drop
 Come over and show me more
 Hold me softly, I'll keep going
 Till you're screaming and you're sore

And we live for that rush
 And we rush for that love
 And we look for that one
 That just straps up your heart
 And you're back to the start again
 And she prays for the love
 So I stay and we run
 Sends a wish on a star
 Now just wraps up her heart
 We were trapped from the start

So we live for that rush
 And we rush for that love
 Why can't we
