

SoMo - Ride

Tom: G

Em C G D
Oh, oh, oh, oh yeah

Em C
Take off those heels, lay on my bed

D
Whisper dirty secrets while I'm pulling on your hair

Em C
Poison in our veins, but we don't even care

D
Candles dripping on your body, baby this ain't truth or dare
Em C
Everybody wonders where we run off to

D
My body on your body, baby sticking like some glue
Em

C
Naughty, let's get naughty, girl it's only one or two
G

D
The fevers fucking running, feel the heat between us two!

Em
I'm gon' ride, I'm gon' ride

C G
I'm gon' ride, I'm, I'm gon' ride on you baby

D
On you lady, all night, all night!

Em C
I'm gonna take care of your body,
I'll be gentle, don't you scream

G
It's getting hotter, make it softer,
D
Feel your chest on top of me.

Em
I'm gon' ride, I'm gon' ride

C G
I'm gon' ride, I'm, I'm gon' ride on you baby

D
On you lady, all night, all night!

Em C
I'm gon' make you feel that loving,
Getting weak all in your knees.

G
Kiss your body from the tip-top,
D
All the way down to your feet!

Em C
Oh, oh, oh, and we can go slow, slow,

G D
Yeah we can go slow, oh, oh, oh

Em C
Lay on your back, you like it right there
Don't have to say it twice

D
Love, There's nothing here to fear

Em C
Taking it back, back to where it's clear
G

D
Rolling on and on, sounds of love are in the air!

Em
I'm gon' ride, I'm gon' ride

C G
I'm gon' ride, I'm, I'm gon' ride on you baby
