

# Sonata Arctica - Cinderblox

Tom: Bb

(forma dos acordes no tom de B)

Afinação: Eb Ab Db Gb Bb Eb

If I one day found my way back home

( F G )

One more ride for the hell of it

If I one day found my way back home

I would tell you how I love you so  
 One more time for the road tonight, honey  
 One more try just for the hell of it

Cinder blocks are keeping me inside

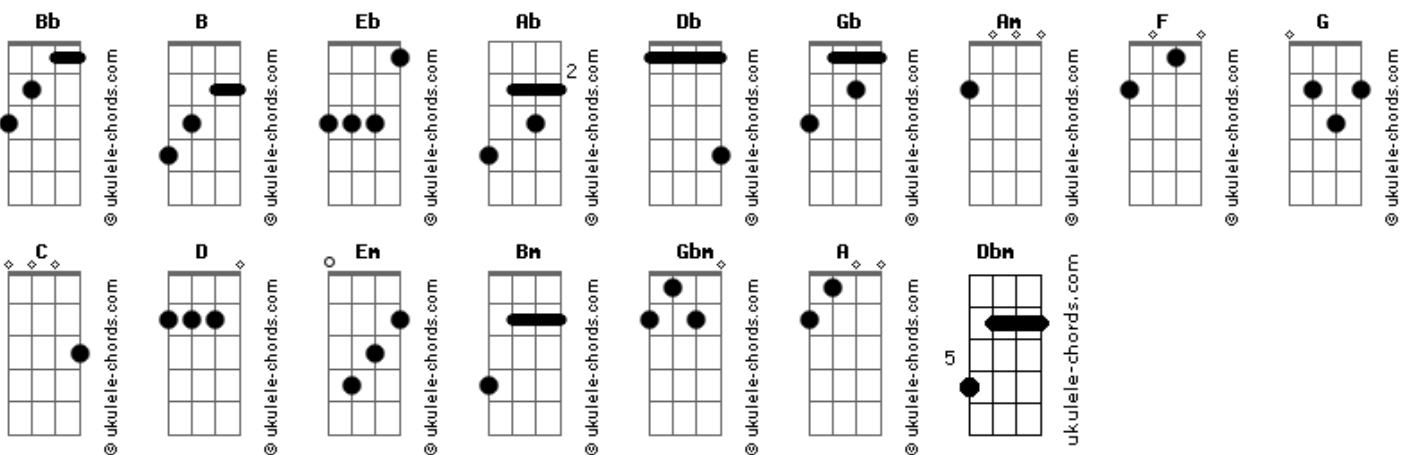

Wall so thick, cold yet benign  
 One more time for the road tonight, honey  
 One more try just for the hell of it

Can I stay away from you if I get out of here soon?  
 Would the road be paved by my mistakes, by the law or by you?  
 Every wall in here is blue, every man here knows you too  
 We have seen your every curve, the sole good purpose you serve

Yeah!

Am

## Acordes

I'm safe, I'm safe in here from you, I know  
 'cause you can't make me do things I would not otherwise do  
 One more time for the road tonight, honey  
 One more try just for the hell of it

Can I stay away from you if I get out of here soon?  
 Would the road be paved by my mistakes, by the law or by you?  
 Every wall in here is blue, every man here knows you too  
 We have seen your every curve, the sole good purpose you serve

When you're done with your wining and dining  
 You make a man do things that wind him up in jail
