

Sonata Arctica - Good Enough Is Good Enough

tom:

Db (forma dos acordes no tom de D)

Afinação: Eb Ab Db Gb Bb Eb

Intro: Gbm B E A E

Gbm Dbm D A E
It was not hard - to choose all the words that I should

Gbm Dbm
Put in your mouth

D A E
In my own play of shadows

Gbm Dbm
Between lines, word for word, honey

Bm Gbm
See who I am?

G D
Out where nothing's forgiven

Bm Gbm G
A small yet very loud part of me is

Still screaming after you

G D A Em
Good enough was good enough for me

Em Bm Gb G
As it should always be

G D A Em
You who broke my heart when it was weak

Em D Gb Gbm B
Guess you were not meant for me

(E A E Gbm)
(B E A E)

Gbm Dbm D A E Gbm
I had a dream you broke - with your twisted way

Gbm Dbm D A E Gbm
Still leaving me? Please take your time, but go away

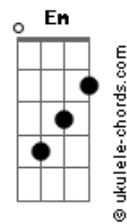

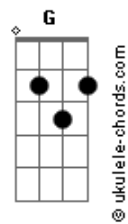

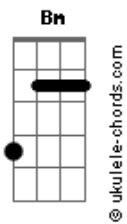

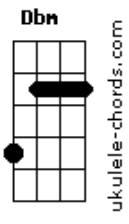

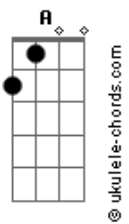

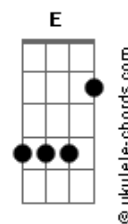

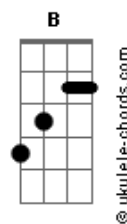

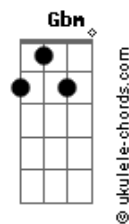

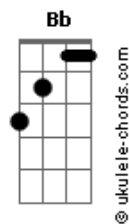

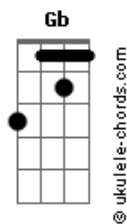

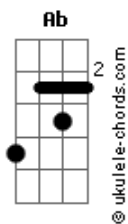

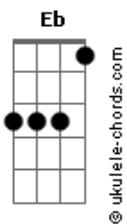

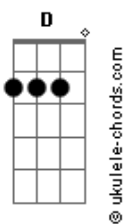

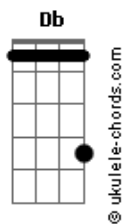

Gbm Dbm
Don't flash that light anymore, honey

Bm Gbm
The seasons change

G D Bm
I was the summer to your heart

Bm Gbm G
The winter lured you away more than once now, I know

Acordes

I am free

G D A Em
Good enough was good enough for me

Em Bm Gb G
As it should always be

G D A Em
You who broke my heart and still I grieve

Em D Gb Gbm B
How can you be over me?

(E A E Gbm)
(B E A E)

Gbm Dbm D A E
I'd always thought we'd made it, found a way to live together

Gbm Dbm D A E
You saved the best for last and now it's too late

Gbm Dbm
I count the hours of the day that

D A E
Seems to last forever

Bm Gbm
Words through the door

G D
A glance from a broken window

Bm Gbm
I found your key from the floor

G
And my heart, suddenly, cut off clean

G D A Em
Good enough was good enough for me

Em Bm Gb G
As it should always be

G D A Em
You who broke my heart and still I grieve

Em D Gb G
How can you be over me?

G D A Em
Good enough was good enough for me

Em Bm Gb G
As it should always be

G D A Em
You who's spread a tale of lies about me

Em D Gb D
And I believed it, my heart's got a leak
