Tom: A

X=mute the strings(rake)

this one riff goes through the whole song!

"Androgynous Mind"  
(Thurston)

Hey sad angel walks  
And he talks like a girl  
Out trying to think  
Why it stinks he's not a girl  
Now he's kicked in the gut  
They fucked him up - just enough  
Got me down on my knees  
I kiss his ring

God is love  
Androgynous mind...  
Hey hey are you gay  
Are you God  
My brain's a bomb  
To turn you on  
Everything is all right  
God is gay  
And you were right  
Androgynous mind...  
Hey hey it's ok.....

God said it's all right  
for you to fight  
to free yr mind  
Whose side are you on  
Like a bomb  
Tr free tonite  
Androgynous mind...  
Hey hey it's ok.....
