

Sonic Youth - Protect Me You

From: winston campbell

What I have transcribed here is the bass part for this dark song off of both -Confusion Is Sex- and the -Kill Idols- EP. It is very simple and the bass line repeats through the whole song. I am not sure about the guitar but it seems to not matter that much.

The bass line for the beginning is an open E, for the rest it is:

```
G -----
D -----3-----0-----2--
A -----
E -0--0--0--0--0-----
```

That is it, the lyrics are:

Protect me from ravagement
I am ten years old
I don't know what I do

Protect my myself
I am fourteen
There's nothing to do
Protect me yourself
I am sixteen
Protect me from starving
I am eighteen
Protect me you
I don't know what you do
Protect me from demons
That come at night
I don't know what they say
They're whispering
Sends the night air away
And makes me forget
I hope they come
Again and again
Here they come
Again and again
I hope they come again
Again
Again
