 Baby you don?t have to worry ?bout them  
 The earth will keep on turning  
 Eyes will keep on burning  
 You got a smile that moves me like the ocean  
 And as the moon controls the waves  
 She walks in like she owns the place  
 She?s all they ever talk about  
 She throws her love around  
 Perfect, beauty, printed on her face  
 She gets in other woman?s hair, but they?re not being fair  
 Forget that hate baby you should turn away  
 She?s the first on the dancefloor, the last to walk out the door  
 Girl you never have to be sorry, but you?re the life of the party  
 You don?t have to be sorry, be the life of the party  
 You don?t have to be sorry
