

Sons Of An Illustrious Father - Very Few Dancers

Tom: D

(Em G D A) X4

Spiraling like fibonacci sequence
 Frequencies too bumping basement
 Sealing through these semen cavan
 Of them places, see what we can do adjacent
 To these turning tables, all the world is
 Waiting but why I in the time is taking
 Blood on paper and is waking mama's
 Gachi got you shaking, just saying the sky
 Wanna go to vacan?
 Can you possibly know piece, now
 Nevermore the quote the raven falls in
 Flames the walls caving but the
 I know what it's like the bravest, save them riven
 Numerals aincnt numerals most praised
 Swing bodies, all the children fire back on
 Back desire fight David, if you can
 Find me a gold struggle again
 Putting forth balin doors or windoians
 You walk around you embed your
 Inner truth defies again but when you
 Dance for a whil, you wild semiyeri
 Merry you can barley again
 (Em G D A)x2

Feel the gireths funny, surgent, urgent in
 Necrobisosis, don't virgin those who lust
 Insurgence, traped in virgin on your cellphone
 Born in burdens, keep your landers strimmed in burden
 Back in start a nurdling force in a snide back wife
 Your life become this sacrifice
 And now a flaming burden, it's an urban
 World we too slow and are learning and be
 Hurting, hell, I'm birthing we will sheep
 The sheppers on onto the slaughter, the
 Suns in darkness, save the serpent darling
 Guard them
 We've been hurting for so long
 The same old songs are sung again
 But can we finally deserve this, my friends?
 Can you find me your golden struggle
 Blood all around, my friend, struggle nor is
 Becoming the one with dying on and on
 For the hole in him, on again
 Again the wind we danced for a while in a wild semiyeri
 Merry you and family are again
 See the river go for rushings still within
 The child die
 Spark the force
 And those of those who hostile are behind
