

Sophia Messa - Moneydontfixlonely

Tom: A

I wonder if you see right through me
The good, the bad and all my insecurities
I drown inside a glass to hide from my doubt
Too many times I've run to boys to find a way out
Silver spoon on my tongue, you stitch love in Saint Laurent
But just look what you've done
You could give me anything you want

But money don't fix lonely
If it did, you'd owe me
I just wanted you to wanna hold me, you don't own me
Love is more than spending
Think you're just pretending
I just wanted you to wanna hold me, you don't own me
(Pausa)
'Cause money don't fix lonely
Money don't fix lonely

Been looking for someone to entertain me
But I'm the only one that's gonna save me
I drown inside a glass to hide from my doubt
Too many times I've run to you to find a way out
Silver spoon on my tongue, you stitch love in Saint Laurent
But just look what you've done

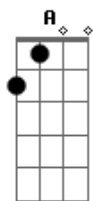

You could give me anything you want

But money don't fix lonely
If it did you'd owe me
I just wanted you to wanna hold me, you don't own me (Don't own me)
Love is more than spending (Spending)
Think you're just pretending (Pretending)
I just wanted you to wanna hold me, you don't own me
'Cause money don't fix lonely
Money don't fix lonely

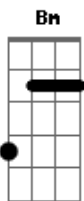

Silver spoon on my tongue
You stitch love in Saint Laurent

Money don't fix lonely
If it did you'd owe me
I just wanted you to wanna hold me, you don't own me (No, no)
Love is more than spending (Spending)
Think you're just pretending (Pretending)
I just wanted you to wanna hold me, you don't own me
'Cause money don't fix lonely
Money don't fix lonely
(Bm D A)
Money don't fix lonely
