

Soulspell - Adrift

tom: G

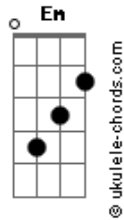

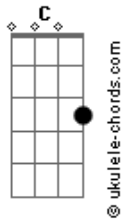

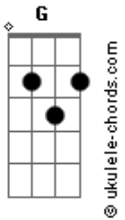

Something is different
 But I didn't know
 I haven't felt this way
 Since a long time ago

My heart stood still
 And I wasn't prepared
 I should case this thrill
 Feelings can be unfair

Eternally adrift
 Life plays tricks on us
 Weak and always lost
 But the way your river flows
 You'll never know

(G C)

Acordes

I was sure at our one and only glance
 Our souls are so close
 But my hope makes no sense

Irony has given me a cruel fate to bear
 Somehow deep inside I know
 In the end you will be there

Eternally adrift

We're adrift

Life plays tricks on us

Weak and always lost
 But the way your river flows

You'll never know

Eternally adrift

You'll never know
