

Soweto - Canção Feliz (Faço Tudo Outra Vez)

tom:

Intro: Eb Bb7M Ebm Bb7M Eb

Vou falar de você por nós dois
 Cm7 Por nós dois sou capaz de escrever

Escrever a canção mais feliz

Tão feliz quanto eu e você

Se você pensa o mesmo de mim

E por mim é capaz de morrer

Se morrer de amor é viver

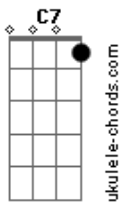

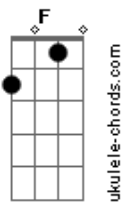

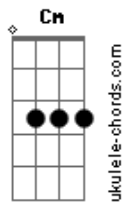

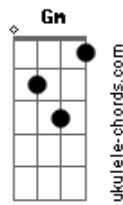

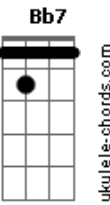

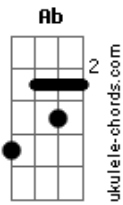

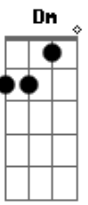

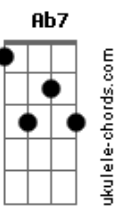

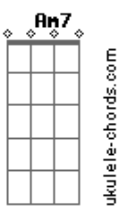

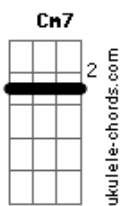

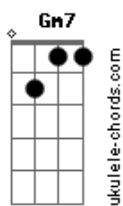

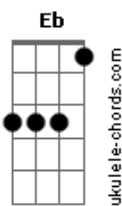

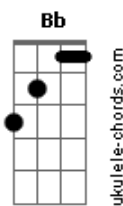

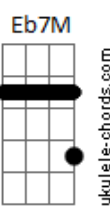

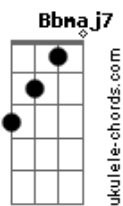

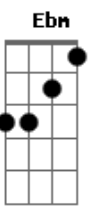

Vou viver por nós dois

Uma vida sem fim

Ai de mim

O que existe entre nós

Acordes

É paixão
 É paixão que faz enlouquecer
 Faz bater dentro do coração
 Coração que cansou de sofrer
 Se amar é fazer o que eu fiz
 Por você faço tudo outra vez
 Ao teu lado eu quero viver
 Eu nasci pra você
 O brilho do teu sorriso
 Foi me modificando
 É nesse paraíso
 Que eu tô me acabando
