

Spools - Forgive Me

Tom: G

m
Intro: Gm Bb F C

[Guitarra 1]

[Guitarra 2]

Can you forgive me?
 For all that I have not done
 And if for a few seconds you would
 Stop thinking only about yourself?
 All this makes me think
 That if I went to another dimension
 Would you feel, would you miss me?
 Would you feel, would you miss me?

[Guitarra 2] G Bb F C

Always been here, Stopped
 Always been here, Smiling
 Always been here, Accepting
 Always been here

Always been here, Stopped

Being the same

(G Bb F C)

Anger blinds you and you run away

I do not know what to feel anymore with that
 I'm very tired but I still love you
 I've always been free to self-destruct
 Can you forgive me?
 For all that I am not to blame
 Would you feel, would you miss me?
 Would you feel, would you miss me?

Always been here, Stopped
 Always been here, Smiling
 Always been here, Accepting
 Always been here

Always been here, Stopped
 Always been here, Smiling
 Always been here, Accepting
 Always been here
