

Spools - SuperStars

Tom: A
Intro: A Gbm Bm D E

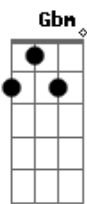

On the spotlight
We became news for press
We fool the stress
We rest, above the truth.
At midnight we are ready for the show
Come on! it's time to go
Just pretend it, like I do
Cause we are superstars
We came so far away
How we dream a day
On the spotlight
All the dreams seems come true
On the spotlight
All the dreams seems come true
We are superstars
We live less, and we don't care

We don't know
We don't choose
At the dressingrooms
We burn the past with alcohol and cigarettes
We drink to hide the truth
Cause we are superstars
We came so far away
How we dream a day
On the spotlight
All the dreams seems come true
On the spotlight
All the dreams seems come true
Yeeeah!
[Solo]
Cause we are superstars
We came so far away
How we dream a day
On the spotlight
All the dreams seems come true
On the spotlight
All the dreams seems come true
