

# Sponge - Break Up

Tom: **A**  
 Intro: is on bass, but you could play it on lead if you have no life and don't know any bass players...: )  
 I had to watch Jarvis live to try and work this one out, and I still don't think it's right.

Play through 4 times;

Fourth time round the rhythm comes in with the following (Yeah I know the pattern ain't right, do it yourself, this is just a chordal guide! Jeez...)

Verse;

**D** **G** **A**  
 That plays for all the verses.  
 Then hit the overdrive for the with the following:

**Bm** **Gbm** **G** **A**  
 A series of Verses and Chorus's again, all goes quiet except for drums, then with overdrive the rhythm;

**D** **Gb** **G** **A**  
 Verse & Chorus again, which continues to the end, finishing with the bass the same as the intro.
