You took a Bic, set your hotel on fire  
F  
We took the blame, took the bags to the train

Wherever you are

The last time you called it was on New Years' Eve

Since we last spoke, you live on the street

When I said, Let me think, and you yelled through your teeth

Accused me of actin' like all royalty

Always for show, no true charity

You saw me on magazines and TV

But if they only knew the real version of me  
Bb  
Only you know the secrets, the swamp, and the fear  
Gm  
What happened to blood, our family?  
F  
Annie, how could you do this to me?

Eb7 F Gbdim Gm Dm  
Of course, I blame me

When you get free, Johnny
