

Stand'Up - You And Me

Tom: D

Primeira parte:

Searching for the stars while the day falls apart
 When I look into your eyes I breathe again
 With my old guitar watching all those fancy cars
 Speeding up when time should stop
 Cause that's how i feel with you
 The world has more colors than blue
 And now you

Refrão:

Give yourself to me
 Like there's no one else you see
 Live your life
 Like it's meant to be, you and me

Segunda parte:

And now you

Under that big tree that once we wrote our names
 I feel the sunlight coming into my veins
 The radio is on and I know we knew the song
 The night we kissed, the band was there
 You don't forget
 I'm stronger with you by my side
 Your arms will hold me all the night
 And fly

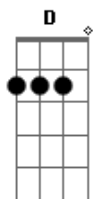

Refrão:

Give yourself to me
 Like there's no one else you see
 Live your life
 Like it's meant to be, you and me
