

# Starbenders - Cover Me

tom:

G

F

Cover me tonight

I don't want to sleep

When the morning comes  
It makes me want to scream

We don't need to dream

Nothing's as it seems

Lights down low, baby you don't have to go

[Refrão]

Die for one another

Sacrifice my soul

Cover me tonight

Die for one another

Feel it in my bones

Cover me, oh, yeah would you cover me.

Don't wanna say goodbye

Devil's in disguise

This can't be baby, lay down next to me

You were growing old

Doing what you're told

Carry on my love will find a way

I die, i die

Would you cover me tonight

[Refrão]

Die for one another

Sacrifice my soul

Cover me tonight

Die for one another

Feel it in my bones

Cover me, oh, yeah would you cover me

Die for one another

Sacrifice my soul

Would you cover me tonight

Die for one another

If you're tired of being lonely

All those tears you cried have got to go

I don't have the answers on my own

I was born to be a rolling stone

Die for one another

Sacrifice my soul

Cover me tonight

Die for one another

Feel it in my bones

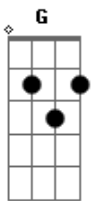

Cover me, oh, yeah would you cover me

( F G Am )

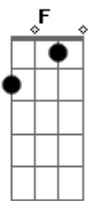

say, say

Even though they all say  
Even though they all say no
