Starset - Die For You

Tom: F
Intro: Dm Bb F C

[Verse 1]
```
Dm                 C
I will run alone tonight
C                   Dm
Without you by my side
Dm                       C
I guess you had a place you had to get to
   Dm
I know your eyes
          C
I know inside
C                     Dm
The walls you hide behind
Dm                  C
And I saw the truth inside the real you
```

[Pre-Chrous 1]
```
C        Dm
Because I know you're lost when you run away
          C
Into the same black holes and black mistakes
        Dm
Taking all my will just to run alone
                  C
When are you coming home?
```

[Chorus 1]
```
Bb                      Gm
Even if the sky does fall
Gm            F Gm F Dm
Even if they take   it    all
Dm                        C
There's no pain that I won't go through
C                    Bb
Even if I have to die for you
Bb                    Gm
And when all the fires burn
Gm             F Gm F   Dm
When everything is overturning
Dm                       C
There's no thing that I won?t go through
C                    Dm
Even if I have to die for you
```
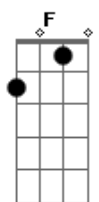

[Break] Dm Bb

[Verse 2]
```
Dm                        C
One day the earth will open wide
C                   Dm
And I?ll follow you inside
Dm                  C
Cause the only hell I know is without you
Dm                    C
Some day when galaxies collide
C                      Dm
We'll be lost on different skies
Dm                    C
```

I will send my rocket ship to find you

[Pre-Chorus 2]
```
C          Dm
Because I know you're lost when you run away
          C
Into the same black holes and black mistakes
        Dm
Taking all my will just to run alone
          C
Until I bring you home
```

[Chorus 2]
```
Bb                      Gm
Even if the sky does fall
Gm            F Gm F Dm
Even if they take   it    all
Dm                        C
There's no pain that I won't go through
C                    Bb
Even if I have to die for you
Bb                    Gm
And when all the fires burn
Gm             F Gm F   Dm
When everything is overturning
Dm                       C
There's no thing that I won?t go through
C                    Bb
Even if I have to die for you
```

[Instrumental] Bb Gm F Gm F Dm C

[Bridge]
```
C          Dm                       F            Gm
And if the sun grows cold for you along the way
Gm          Bb                           A
And if the stars don?t line to light the way
A        Dm             F             Gm
And when you fall away and crash back down below
Gm          Bb                      A
I?ll search the skies for you and I?ll follow
A                   Gm
I?ll be in your afterglow
                          F
And I?ll bring you home
```
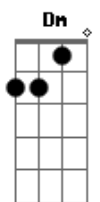

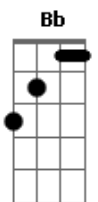

[Chorus 3]
```
Dm                      Gm
Even if the sky does fall
Gm                    Dm
Even if they take it all
Dm                          C
I can't see but I'll follow you
C
Even if I'd die...
Bb                    Gm
And when all the fires burn
Gm             F Gm F   Dm
When everything is overturning
Dm                          C
There's no thing that I won?t go through
C                    Bb
Even if I have to die for you
