

Steelheart - My Love Is Gone

Tom: E

I never been so afraid, so alone
 Without you in my arms
 Every time I close my eyes
 I die again with you in my heart
 When my tears come to love me
 I can feel again
 I see us again

But when the nights come to Haunt me
 I?m lost again The darkness never ends

How can I live without you baby?
 How do I live without your love?
 How can I love when you?re not with me?
 How do I breathe?

URUUU URUUU

(Dbm A E B)

When my love is gone
 I know you will come to save me
 From this lonely road
 My pain will turn to dust

When the angels come to find me
 I?ll be free gain
 I?ll be with you again

How can I live without you baby?
 How do I live without your love?
 How can I love when you?re not with me?
 How do I breathe?
 When my love is gone

(F)

Oh baby I been hanging on Hanging on for my dear life
 Hanging on Hanging

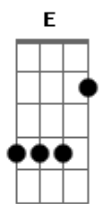

I tore my world apart

[Solo] How can I live without you baby?
 How do I breathe?
 When my love is gone

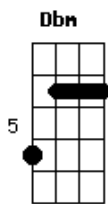

Oh oh oh, oh oh oh

I send my love
 I send my love
 To you, to you
