

Stephen Sanchez - Love Life

tom:

Fm (forma dos acordes no tom de Em)

Capostrate na 1ª casa

Intro: G Bm Bbm Am C

[Primeira Parte]

I've got scars on my wrist from where I used to cut
 I didn't want to live but I still wanted love
 Oh, she kept me around for a little while longer

Just a man in his head too afraid to commit
 But a little drop of blood helped him not to forget
 That he might want to stay for a little while longer

[Pré-Refrão]

And all these streams down your cheeks

[Refrão]

I can see that your inside's dyin'
 Less time smilin', more time cryin'
 I know you want this to be over

I can see that your heartbeat's shakin'
 I know it's hard if I'm not mistaken
 I know you wanna try
 To try to love life

(G Bm Bbm Am C)

[Segunda Parte]

Oh, the fuel that keeps me driving are my flesh and my bones
 But now those are growing scarce since I used up my soul

Can you hold on just for a little while longer?

I ran around with strangers and I tried to be fun
 But, even when surrounded I still feel numb all the time

[Refrão]

I can see that your inside's dyin'
 Less time smilin', more time cryin'
 I know you want this to be over

I can see that your heartbeat's shakin'
 I know it's hard if I'm not mistaken
 I know you wanna try
 To try to love life

[Ponte]

Oh, I just need someone to hear me when I call
 Though I am screaming next to
 You don't hear me at all
 Are you listening at all?
 Are you listening at all?

[Refrão]

I can see that your inside's dyin'
 Less time smilin', more time cryin'
 I know you want this to be over

I can see that your heartbeat's shakin'
 I know it's hard if I'm not mistaken
 I know you wanna try
 To try to love life
