

# Stereophonics - C'est La Vie

tom:

Intro: **Bb Eb**

**Bb**  
Yeah you believe you're the king of the jungle

You got the T-shirt do you know how the song goes?  
**Eb**  
You're looking good but the fact is you're lazy

But people love you 'cause you're funny and crazy

**Bb**  
7-Eleven, buy a six pack of beer

If there's a party you're the last one to leave it  
**Eb**  
It's not too late, we can stop all the dreaming

Get out this town, look around we don't need it

**F**  
Hell and heaven they can wait for you

So go and do all the things that you want to do

**Bb**  
We don't belong anywhere

So set me free, c'est la vie

I said: come on, pretty baby, take a chance on me  
**Eb**  
I said: Shame on me, 'cause I didn't see

That you were looking at me, baby, by the Ferris wheel

**Bb**  
I know you're cool, but you think that you're chocolate

Get off my nerves 'cause I still got a soft spot  
**Eb**  
You look at me and think I got all the answers

Maybe I do but I'm scared taking chances

**Bb**  
Boat in a bottle but we ain't sailing nowhere

Rip out the cork, get the wind into our hair  
**Eb**  
Get off the train in the rain at the station

Knock back ya drink 'cause we think the boat's sinking

**F**  
Hell and heaven they can wait for you

So go and do all the things that you want to do

**Bb**  
We don't belong anywhere

So set me free, c'est la vie

I said: Come on, pretty baby, take a chance on me  
**Eb**  
I said: Shame on me, 'cause I didn't see

That you were looking at me, baby, by the Ferris wheel

**Bb**  
I said: A-stand by me and stick around with me

'Cause it's a long walk back to where we just been  
**Eb**  
I said: A-hey there, baby, so you're banged him and me  
I just wish I never found out, but hey, c'est la vie

**F**  
I said they're playing our song on the radio

And we're singing out loud all the words that we know  
**G**  
And it's a long tall Sally pissing off Peggy Sue

Or isn't that me and you 'cause it's time that we grew  
**Eb**  
And you said: Yeah yeah yeah come along with me

And then you think all the things that you wanna see  
**F**  
I said: A-whoa, pretty baby, come and take my hand

I'm gonna shake you all night, baby, yes I am

Whoa!

**Bb**  
Such is life in the rear view mirror

The open road up ahead is the future  
**F**  
Time came round and wrecked our place

But when I look back now I got a smile on my face

**Bb**  
Come on, baby, take a chance with me

Stick around on the town if ya wanna see  
**Eb**  
We don't belong anywhere is what she said to me

So come on take a dance and spin around with me

**Bb**  
She said: shine on, baby, set me free chest la vie

I said: Stand by me and stick around with me  
**Eb**  
And when the street lights fall, you can buy my beer

And when the morning light comes, I'll be gone, c'est la vie

**Bb**  
Yeah, yeah

We don't belong anywhere

We don't belong anywhere  
**Eb**  
We don't belong anywhere

**Bb**  
Set me free, we don't belong anywhere

We don't belong anywhere  
**Eb**  
We don't belong anywhere  
**Bb**  
We don't belong anywhere

## Acordes
