

Stereophonics - Rewind

Tom: G
Intro: dução

G G2 D C

Verse 1

G G2 D C
It's your time, It's your day, It's never too late, To change lanes

G G2 D C
How's your life?, How's your place? Was it where you wanted Your head to lay?

G D
C But wait, you can breathe, You can see what I can see, Don't waste your time, You can't make back

Chorus

G G2 D C
If you could rewind your time Would you change your life?

Verse 2

G G2 D
C Do you like you? Do you love your wife? Or did you pick what You're told was right?

G G2 D C
Dream and be, What you feel, Don't you compromise, What you wanna be

G G2 D
C Cause change is okay, What's the point in staying the same, Regrets, forget what's dead and gone

Chorus

G G2 D C
If you could rewind your time Would you change your life?

G G2 D
C If Jesus rode in on a camel today With your cross on his shoulder Time to take you away

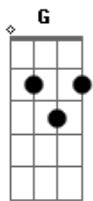

G G2 D
C Have you done all you wanted? Are you happy and warm? Do you miss someone special You don't see anymore?

G G2 D
C Have you blood on your hands? Do you dream of white sands? Can you sleep well at night? Have you done all you can?

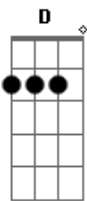

G G2 D
C The place I was born in Stays crooked and straight I see innocent blue eyes Go blind everyday

G G2 D C
If you could rewind your time Would you change your life?
