D A G D - D - D  
I've always heard that love is blind,

But I know that there's another kind,  
A G D - D - D  
Shines like a beacon in the night,  
A G D - D - D  
And holds up in the morning light,

D A G D - D - D  
Cause in my dreams, she travels with me when I run,  
D A G Em7  
And in my dreams, she takes my hand when I make my stand,  
A D  
When the morning always comes,  
A G D - D - D  
And I know it's too good to be true,  
A G D - D - D  
She loves me even when I'm blue,

I keep on searching far and wide,

Cause in my dreams, she travels with me when I run,  
D A G Em7  
And in my dreams, she takes my hand when I make my stand,

She loves me even when I'm blue,
