

Steve Earle - It's All Up To You

Tom: **G**

No matter (**G**) which way the wind blows
 It's alway cold when you're a (**C**) lone
 Ain't no (**G**) candle in the window
 You've got to find you're own way (**C**) home
 (**D**) The rain ain''t gonna hurt you
 It's come to wash away your (**C**) blues
 It's all up to (**G**) you

Nobody said it would be easy
 But it don't have to be this hard
 If you're looking for a reason
 Just stand right where you are
 Now there ain't no one out to get you
 They've got to walk in their own shoes
 It's all up to you

It's all up to (**C**) you
 No one else can get you (**G**) through
 Right or wrong, win or (**D**) lose
 (**C**) It's all up to (**G**) you

You can stand out on that highway
 Look as far as you can see
 But when you get to that horizon
 There's always someplace else to be
 But don't you stop to look behind you
 'Cause you've got some travelling left to do
 It's all up to you
