

Steve Ronsen - Almost

Tom: E

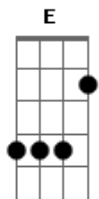

m

Can?t you see? That I?m almost home
 And I can feel that I?ve been gone too long
 Cause every time I?m here, you?re always there
 Sometime this life it isn?t fair
 Then you take me back just to let me go The simple truth is
 I never know if-were done? But almost is better than none?
 Far away? But it?s oh so near
 Lots of space? But we can?t stay clear
 And every time I?m here, you?re always there
 Sometime this life isn?t fair
 So you take me back just to let me go The simple truth is
 (G D C D)

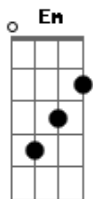

I never know if-were done? But almost is better than none

Hey? Were wrong
 Cause you just can learn a lesson with denying and digressing
 and
 You Say Hold on
 Cause where almost where we almost wanna be
 And every time in here, your almost there
 You let me know you really care
 When I let you go and you take me back
 You know sometimes I go off track
 So you take me back and you let me know
 It?s never easy when I go and run But almost is better than none?
 And every time in here, your almost
 (G D C D)
