

Steven Universo - Happily Ever After

Tom: E

m

Here we are in the future
 Here we are in the future and it's bright
 Nothing to?fear
 No?one to fight
 I?can't believe we've come so far
 Happily?ever after here we are
 Once upon a time, I thought I'd always be in my mother's shadow
 Answering for her crimes I thought I'd always be in an endless battle
 Until I began to own
 A power all my own
 That I could feel growing stronger every day
 And now I saved the world
 Not just that- the whole galaxy saved
 We did it!
 Here we are in the future!
 Hey Pearl, hey Dad!
 Hey Stchuball!
 Steven! I'm learning to play the bass
 I keep telling her, it's "bass."
 Excuse me, B-A-S-S spells "bass."
 You're the boss
 Heck yes, I am!
 Once upon a time
 I only lived to be of Pink Diamond's service
 Until the day the two of us snuck down to be on this planet's surface
 We became our fantasy
 And I was sure she set me free
 But in the end, I guess I never left her side
 And after love and loss and all the tears that I cried, I find that-
 Here we are in the future!
 Hey buddy
 I'm heading into town
 See you at the concert tonight?
 Wouldn't miss it for the world!

Here we are!

I saved you a seat

Thanks, Garnet!
 Hey guys, what'd I miss?

You're just in time for my favorite part of the story

Once upon a time, a Sapphire came to Earth with her Ruby soldier
 Sapphire's deadly fate was set until the Ruby rushed in to hold her
 Suddenly they were fusing
 Beautiful, strange, confusing
 And there I was, a bundle of questions, so naive
 And if you told me this I never would've believed you then but-

Here we are in the future!

Let me just save this
 Hey, any idea what Amethyst is up to?

I have every idea what everyone is up to
 You'll find her if you head to Little Homeworld
 Take the warp

Woah! Careful dude!

Pew pew!
 One, two, three, hah!

Thanks, Amethyst!

Steven! You're just in time!
 We're about to install the new warp

Which means Little Homeworld is 83.7 percent complete!

Only 83.7 percent? We'd better get cracking!

I'm on it!

Wow, Little Homeworld's growing fast!

So are you!
 "Look at me! I'm a young adult!"
 I love that all these Gems wanna make their new home on Earth
 Wish I'd had this when I first emerged

Once upon a time, I burst to life inside of the Kindergarten
 A product of a war that I had no idea I had a part in
 I came out late and alone
 Knew nothing but my home
 But I know now exactly who I'm supposed to be
 And It's a part of this family!

So, whaddya think?

If I could just stop right here and be
 Finally done
 Finally us
