Home is not where I want to be, not today, take me away

I am on my way, 12 hours on a plane. In a short time I'll be on my way

C Em C Em
Lone, all alone, I flew out by myself to meet my friends
From there, we got into a van, there was reggae on the radio

C Em C Em
You have no idea, ohhhhh, you have no idea, ohhhhh

C Em
This is life, ohhhhh

C Em
Land-man know, he's there

C Em
He knows, he's there

Long, so long, since I've been out on the road it's not for me

And all, and all I want to do is leave but not today, take me away

C Em
Well I am on my way to an island on the sea

I will escape and Lord I be will free

Free, so free from this place, from this place

I love this world and all it can do for me
