[Primeira Parte]

I don't try that C
Oh, if you do Bm
Then you're a fool Am
The most convincing people are the ones Em
Who don't attempt to C
Focus on the way Bm
Oh, that you try to think Am
Or shut your eyes forever Em
A never ending hand link C
Or when they rarely got to choppin' up the sun Bm Am
Two sides of artist's making colours with their guns Em
Even though the fat lady sung C
The whole world chose to cut off her tongue Am

[Refrão]

Change, change, change is gonna happen sometimes C Bm Am Em
So just remember the good times C Bm Am Em
Change, change, change is gonna happen sometimes C Bm Am Em

[Segunda Parte]

A revolution fresh from the jungle C

Bm
Heart attack is ready to rumble
Am
Feel the change, the tightest screw will fumble Em
Beneath my toes Am
I feel the earth crumble C
This barrel's spinning out of control Bm Am
I'm so dizzy I can hardly take a pull Em
Is it 'cause I'm not alright and getting old Am
At least that's what I am told C
[Refrão]
