

Sticky Fingers - Change

tom:

Intro: C Bm Am Em
C Bm Am Em
C Bm Am Em

[Primeira Parte]

I don't try that
Oh, if you do
Then you're a fool
The most convincing people are the ones
Who don't attempt to

Focus on the way
Oh, that you try to think
Or shut your eyes forever
A never ending hand link

Or when they rarely got to choppin' up the sun
Two sides of artist's making colours with their guns

Even though the fat lady sung
The whole world chose to cut off her tongue

[Refrão]

Change, change, change is gonna happen sometimes
So just remember the good times
Change, change, change is gonna happen sometimes
So just remember the good times

(C Bm Am Em)
(C Bm Am Em)

[Segunda Parte]

A revolution fresh from the jungle

Heart attack is ready to rumble
Feel the change, the tightest screw will fumble
Beneath my toes
I feel the earth crumble

This barrel's spinning out of control
I'm so dizzy I can hardly take a pull
Is it 'cause I'm not alright and getting old
At least that's what I am told

[Refrão]

Change, change, change is gonna happen sometimes
So just remember the good times
Change, change, change is gonna happen sometimes
So just remember the good times, hey ey ey

(C Bm Am Em)
(C Bm Am Em)

[Terceira Parte]

My arms out for my destiny
While I turn to a spoon for the people I feed
Once I get my cake I'm gonna eat it too
Why is it surprising, what else really would I do

[Refrão]

Change, change, change is gonna happen sometimes
So just remember the good times

Change, change, change is gonna happen sometimes
So just remember the good times, hey ey ey

Change
