               Bm
           D
                            Gbm Bm
With our given time
                Gbm Bm
We must make it right
                Gbm Bm
Come we must unite
                Gbm
We searching through the night time
On top of a mountain
Look what we've done
   Gbm
I'm screaming at the top of my lungs
                       Gbm
Welcome to the land of pleasure
                Gbm Bm
With our given time
We must make it right
                Gbm Bm
Come we must unite
                Gbm Bm
