tom:  
 Capostraste na 1ª casa  
 [Refrão]

I could let you have it  
 You could be my habit  
 You could be my woman, right  
 I don't want you havin'

Anytime I know  
 You're living in a hole  
 Anytime I know

I could let you have it  
 You could be my habit  
 You could be my woman, right  
 I don't want you havin'

Anytime I know  
 Living in your head  
 There's a backdoor

[Verso]

My little one  
 She is so bad  
 Bad as the sun  
 Well she break me then I fall  
 I don't know the half of it anymore  
 Yeah well, I could give a fuck about you  
 She can get whatever she need  
 Every time that she looked at me  
 You know I felt weak in my knees  
 Wanna try to be fancy, love you know  
 I could give a fuck about you

You know that I do my girl  
 Feel it when you're coming close  
 You always hit on the nose but  
 Never know how you could know but  
 Treat me like one  
 Treat me treat me like a  
 I don't know the half

Why would you w-want her (Why?)  
 Treat me like the queen  
 Slap your knees  
 Like you been laughing

[Refrão]

I could let you have it  
 You could be my habit  
 You could be my woman, right  
 I don't want you havin'  
 Anytime I know

You're living in a hole  
 Anytime I know  
 I could let you have it  
 You could be my habit  
 You could be my woman, right

I don't want you havin'  
 Anytime I know  
 Living in your head  
 There's a backdoor

[Final]

I could be yours if you wanted  
 I could be yours if you wanted  
 Please, please tell me
