This song is in 9/8 time, but having said that the guitar part I set off running to wake from the dream is straight eighth notes all the way through, so it's not tricky at all once you get used

Capo on 1st fret. All fret positions relative to capo.

Chord names shown as sounded with capo.

That's it for the guitar. It just repeats the intro between verses, and repeats the last two

bars of the verse at the end of verses 2-4.

Verse 2.

My brother's rifle went into the stream I kept on running into the salt lands And that's where they found me, my head in my hands The sheriff he asked my why had I run And then it came to me just what I had done And all for no reason, just one piece of lead I hung my head, Ihung my head.

Verse 3.

Here in the courthouse the whole town is there I see the judge high up in his chair "Explain to the courtroom what went through your mind And we'll ask the jury what verdict they'll find" I said "I felt the power of death over life I orphaned his children, I widowed his wife I beg their forgiveness, I wish I was dead" I hung my head, I hung my head.

Verse 4.

Early one morning with time to kill I see the gallows up on the hill And out in the distance, a trick of the brain I see a lone rider crossing the plain He's come to fetch me, to see what they done And we'll ride together til Kingdom come I pray for God's mercy for soon I'll be dead I hung my head, I hung my head.
