

Stone Temple Pilots - Interstate Love Song Intro

Tom: **E** just to keep it "real", the drum part:

for 10 p 9: bend the tenth fret up and the ninth at the same time. Pull to the ninth fret, still bent, and un-bend it (for lack of better words...lol)]

make sure your bends are QUICK and a full bend at that too!

I don't know. tabbing drums...eh...kinda odd. I don't much think of what's goin on when I play, but I think this is close...CLOSE! STP isn't the most complicated drumming, anywho.

Acordes
