[Primeira Parte]

Dbm
Reckless wheel of time
We follow how it flies by
We still keep believing
In white and comforting lies
Dbm
When it's our turn
Together we stay stronger
We lay still and silent
And watch how our world burns for eternity

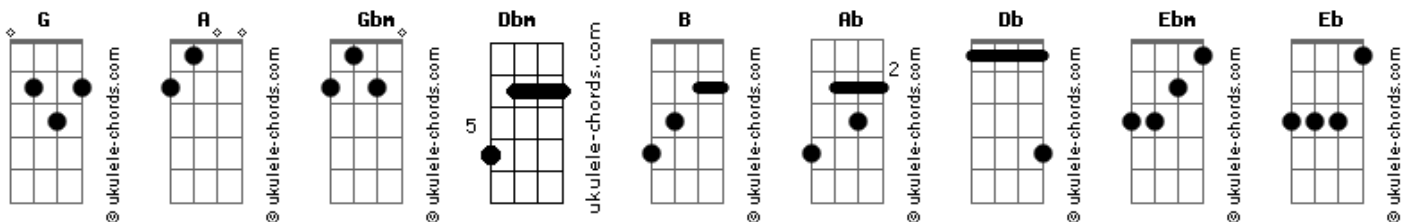

[Refrão]

A
You carry me away
'Til 'morrow we're unbreakable
I hold my breath and wait
This moment is unbreakable
I can feel it deep within my heart and my soul
You make me whole
I want to live this second forever
Always together, forevermore
I hold my breath and wait

[Segunda Parte]

Dbm
Reckless wheel of life
We see how years keep flying by
I never really cared
Until I opened my eyes
Eb
The final day awaits
And the firestorm's getting closer

Acordes

Under falling stars
We will seal our fate for eternity

[Refrão]
