You're not alone

Look at my shadow, I'm behind you like a ghost

Mission die a legend is a go

The way I flow, taking all the shots

Landing free throws, beast mode

Double snake eyes, turn 'em all to stone

And you're a student of war

?? ??? ??

I'll leave you begging for more

?? ?? ?? ?

? ?? ?? ??

? ?? Game? ??

??? ??? None

?? ??? ??

Try me, I dare you to try me

Took me long, but I'm here

Coming down like lightning

Taking back what's mine

It was a matter of time

If you wanna come play (woah)

You gotta start with me

And the monsters in my head, in my head

I've got blood on my hands (woah)

And you're my revenge

And you push me to the edge, the edge

Do you wanna come play?

Te la viviste si en mí no creía'

Llegamo' con el combo ready pa' hacerle' una avería, -ía

Cuida'o, que tengo mecha corta y puede que te explote
A ver si ya prendo fuego y te quemó to'a la mercancía
Mejor pedir perdón que pedir permiso, me la improviso

Y a to'a esta gente le doy contra el piso

Si quieren medir fuerza, les tengo un aviso

Ma-mala suerte con la nena que dispara y preciso

Try me, I dare you to try me

Took me long, but I'm here

Coming down like lightning

Taking back what's mine

It was a matter of time

If you wanna come play (woah)

You gotta start with me

And the monsters in my head, in my head (yeah)

I've got blood on my hands (woah)

And you're my revenge

And you push me to the edge, the edge

Do you wanna come play?

Hey, yeah-yeah, woo

Do you wanna come play?

(Do you wanna come play?)

(Yeah-yeah, woo)

If you wanna come play (if you wanna come play)

You gotta start with me (yeah)

And the monsters in my head (ayy, my head)

In my head (ayy, shout it out)

I've got blood on my hands (got blood on my hands)

And you're my revenge

And you push me to the edge, the edge (yeah)

Do you wanna come play?
