

Stryper - Together As One

tom:

Intro: Bm Gb A G
A D Gb

[Primeira Parte]

Now... Is the time
That we stand... Together as one
A new life.. Inside us will shine.... As bright... As the sun
Let's bring... Bring in the new
And do... Away with the old

[Pré-Refrão]

A new love.... A new love that's true
A love that's never cold... A love that never dies
A love that fills our souls.. We will survive

[Refrão]

Together as one... We'll stand for the world to see

Together as one... We'll shine throughout eternity
All the dreams... We dreamed before.. Are now reality
And now the dreams (now the dreams) of a perfect love

Will always be
