

# Sture Zetterberg - Body To Body (Feat. Andrew Shubin)

tom:  
 G  
 You keep me wondering, is our love strong, just like a love song  
 Em  
 Baby, it's haunting me, to know what you're thinking  
 Am  
 It's like I'm sinking, deep underwater  
 D G  
 Maybe it's harder, harder, harder for me... oh, harder for me  
 G  
 Maybe we're over it or maybe just lovers  
 Em  
 'Cause under the covers, baby, you're showing me  
 How to be fearless no one can hear us  
 Am  
 You're throwing the pillows to the floor  
 D G  
 Now that you're lovin', lovin', lovin' on me, ayy, lovin' on me  
 G  
 Maybe you won't see me get emotional  
 Em  
 And sometimes I pretend I'm just above it all  
 Am  
 But I want you lying next to me  
 D G  
 Yeah, I want your body, body, body too, yeah, body too  
 G  
 And baby, please don't think I run away from you  
 Em  
 It's just sometimes I get scared to dive in too  
 Am  
 I want you lying next to me  
 D G  
 Yeah, I want your body, body, body too, yeah, body too

Will you be my ride or die? Around all these people  
 Em  
 Trying to be someone better than you and I  
 Am  
 Posing for pictures but nobody listens to anything that you have to say  
 D G  
 Can't we just leave and walk away? Walk away, walk away  
 G  
 Maybe you won't see me get emotional  
 Em  
 And sometimes I pretend I'm just above it all  
 Am  
 But I want you lying next to me  
 D G  
 Yeah, I want your body, body, body too, yeah, body too  
 G  
 And, baby, please don't think I run away from you  
 Em  
 It's just sometimes I get scared to dive in too  
 Am  
 I want you lying next to me  
 D G  
 Yeah, I want your body, body, body too  
 G  
 Yeah, body too  
 G  
 I want your body (I want your body, body)  
 Em  
 I want your body (I want your body, body)  
 Am D  
 Oh, I want your body (I want your body, body)  
 G  
 (I want your body, body)  
 G  
 I want your body (I want your body, body)  
 Em  
 You know I want your body  
 (I want your body, body)  
 (I want your body, body)
