

# Sublime - Legalize It

Tom: E

boerkashot.

of course, this one goin out to all the real heads.

Intro: riff (x4)

the above riff is continuously played throughout the song.

rhythm part (after four bars of the intro riff, a second guitar comes in)  
play upstrokes on two and four (reggae style)

thats all, and after every four bars, a funky drum fill.

lyrics (done by me, so whatever)

legalize it  
don't criticize it  
legalize it, yeah  
and i will advertise it  
some of them call it ganja  
some of them call it buddha  
some call it marijuana, yeah  
i still call it (stoned mumbling)  
people smoke it  
and players of double bass too  
doctors smoke it  
my mom smokes it  
my dog smokes it  
i smoke it too

only cure for asthma  
only cure for glaucoma  
(thats where the song ends i think)
