

Sublime - Legalize It

Tom: E

boerkashot.

of course, this one goin out to all the real heads.

Intro: riff (x4)

the above riff is continuously played throughout the song.

rhythm part (after four bars of the intro riff, a second guitar comes in)

play upstrokes on two and four (reggae style)

thats all, and after every four bars, a funky drum fill.

lyrics (done by me, so whatever)

legalize it
don't criticize it
legalize it, yeah
and i will advertise it
some of them call it ganja
some of them call it buddha
some call it marijuana, yeah
i still call it (stoned mumbling)
people smoke it
and players of double bass too
doctors smoke it
my mom smokes it
my dog smokes it
i smoke it too

only cure for asthma
only cure for glaucoma
(thats where the song ends i think)
