This is an incredibly creepy song when played and sung correctly. In the recording, is playing a 4 string banjo, so the tuning for guitar is with the high e string tuned down a d.	Chords: Am E Dguitar Dbanjo D 2 D 2 D 4 D 0 B -1 B 0 B 3 B 3 G 2 G 1 G 2 G 2 D 2 D 2 D 0 A 0 A 2 A
The up side of playing this on the guitar instead of the banjo	
is that on the banjo, it very difficult to produce a lot of sound when strumming. With a guitar, however, it is to create a large sound when strumming.	Am E He will take you. If you run,
-Hope you enjoy	Dguitar Dbanjo He will chase you.
Verse & Intro: For intro, repeat once and then repeat again what is after the symbol	Am E He will take you. If you run,

Lyrics: We didn't sleep too late. There was a fire in the yard.	Am E Dguitar Dbanjo Cause he is the Lord.
All of the tress were in light. They had no faces to show.	Am E Dguitar Dbanjo Cause he is the Lord.
I saw a sign in the sky: Seven swans, seven swans, seven swans. I heard a voice in my mind: "I will try, I will try, I will try. I will try, I will try, I will try."	Outro: Repeat once and then repeat again what is after the symbol
We saw the dragon move down.	mimtimimtiitittiti tiititiitit iittiti
My father burned into coal. My mother saw it from far.	ttttt
She took her purse to the bed. I saw a sign in the sky: Seven horns, seven horns, seven horns. I heard a voice in my mind:	If you are familiar to finger-picking, this is not a very difficult song at all.
