I've been waiting for something for so long

To show me the answers that I want

This world's not a sick machine

When everywhere's a dead end in every direction

D Bb F F D
Yeah, can you give me what I need or just sit and watch me bleed?

Everybody's got a secret

Can you tell me what is mine?

Can you tell me what you'd find?

I'll tell you if you keep it

I promise not to lie

'Cause everything passes with the time

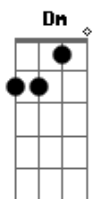

All you need

Is reason to believe
