

Sum 41 - Scumfuck

Tom: C
Intro: Em C G B

Verso 1:
Guess I don't have to feel
Your deadbeat offering
Will burn in the gutter
In the older in the grave
You've cursed your
silver spoon
so black To die

Refrão:
Well what can I say?
I guess it's obvious
you would end up this way
When you live
amongst the dead
The best of luck
As the one and only
Resident Scumfuck
A victim or just a tragedy?

Verso 2:
I hear you talk
But I don't hear you speak
You don't make sense
Your mind is incomplete

I can't believe all the
things that you say
You just can't get enough
We'll all be waiting
in just for the day
Guess your time is up!

Refrão:
Well what can I say?
I guess it's obvious
you would end up this way
When you live
amongst the dead
The best of luck
As the one and only
Resident Scumfuck
A victim or just a tragedy?
Verso 3: e
All that I need
Is time for me to breathe
Dream little dreams
That only I believe
Now that I see
Beyond the light
I know I'll be
I'll be alright
