I said: people of Babylon, well if you wanna be wrong

You've got to be stro -o -ong

Cause if you don't you go

Down, down, down

Well, you bite the hand that feeds you

Spit in the face of those who need you

Dont you know, when you're old, who is gonna feed you

When you're on your own?

I hear my black brothers tell me every day

About how they've been put down in so many ways

Well, don't you know Rasta?

We've been treated just the same way

I look around and all I see is

White trash in a Babylon

White trash in a London

White trash right here in Buenos Aires town yeah!

White trash in a rich man

White trash in a Babylon

White trash where we're livin', Hurlingham

Hurlingam, yeah!

Ska, Ska, Skabadubadem

Ska, Ska, Skabadubadem

Ska, Ska, Skabadubadem

Skengue, Skengue, Skabadubadem

Skengue, Skengue, Skabadubadem

Skengue, Skengue, Skengadubadem

People of the Argentine

Yeah thus, you eat your meat and everyday

You're looking so fine dont you know what's happening to

You're going down all the time

`Cause, you bite the hand that feeds you

Spit in the face of those who need you

Dont you know, when you're old, who is gonna feed you

When you're on your own?

I hear my black brothers tell me every day

About how they've been put down in so many ways

Dont you know Rasta?

Some of us been treated in just the same way

White trash acá in Buenos Aires town! You better believe it
