

Sunset Sons - She Wants

Tom: B

(com acordes na forma de Capotraste na 4ª casa

Should've been a doctor
Should've been a father
Yeah, am I the only one
To see in this something more?
Should've been a writer
Should've found a partner
Girl, I've got wings to fly
And you kept me on my toe

tabrefrão

I am the only one
I am the only one
She wants
I am the only one
I am the only one
I am the only one
She wants

Should've been a doctor
Should've been a father
Check in my entire ma'am
I ain't that kind of fool
Could've been a lawyer
Would've been a liar
Should and would've cut 'em down
To get me to that show

I am the only one
I am the only one
She wants

G)

I am the only one
I am the only one
She wants
Should have run away with me
Gave it enough tones but I did not see
I ain't never gonna leave you girl
Where are you gonna run if you can't hide?
Girl, you're gonna be right by my side
You ain't never gonna change your mind

I am the only one
I am the only one
She wants
I am the only one
I am the only one
She wants

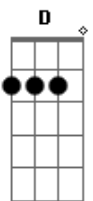

Na na na na na nay
Na na na na na nay
She wants
Na na na na na nay
Na na na na na nay
She wants

You're the only one
You're the only one
She wants
You're the only one
You're the only one
She wants
