(até o final improviso alternando entre Gb, Gb7, **Gb**)

No more sorrows will I find

I've got tomorrow on my side
No more teardrops will I cry
Left my teardrops way behind

No more sorrows will I find

I've got tomorrow on my side

No more teardrops will I cry

Left my teardrops way behind

No more heartaches bother me

Don't wear my heartaches on my
Sleeve

It's gonna be a brand new story

What's the use of former glory

It's better not to do if you
can't do right

It's time to get to celebrating

After all the years of waiting

I'm gonna have a ball if it
takes all night
