

Surfaces - Come With Me (feat. Salem Ilese)

tom: D

Another Tuesday G7M

And we sleep in till when it's too late D7M

'Cause summer is whatever you say Bm7 G7M

So, I don't mind at all, at all D7M Bm7

It's a new place G7M

If we close our eyes and paint a new way D7M

'Cause somewhere is wherever you say Bm7 G7M

So summer turns to fall, oh D7M Bm7

And when the days feel like the same old circle G7M

We'll bend the lines and make a new one D7M Bm7

Just to find the place where time is free G7M D7M Bm7

So, baby, come with me G7M

As far as eyes can see D7M Bm7

So, baby, come with me G7M

And what is will be D7M Bm7 G7M

What is will be D7M Bm7

And what is will be G7M

You take a Wednesday D7M

And you make it seem like it's the first day Bm7

Of the whole-wide week G7M

You got that PCH type of energy D7M Bm7

Without the traffic, ooh G7M

There's never bad days D7M

When a good time is whatever we say Bm7

And the Sun's shinin' G7M

So, what's your ETA? D7M Bm7

'Cause I just can't wait to go, ooh G7M

And when the days feel like the same ol' circle D7M Bm7

We'll bend the lines and make a new one G7M D7M

Just to find the place where time is free Bm7

(Time is free) G7M

So, baby, come with me D7M Bm7

As far as eyes can see G7M

So, baby, come with me D7M Bm7 G7M

And what is will be D7M Bm7

Now what is will be, now what is G7M

Now what is will be D7M Bm7

And what is will be
